

# MITHO

Colour touch screen video receiver,  
wall-mount installation.

Mitho is an innovative video receiver with a colour touch screen which offers a host of hi-tech features. The 4.3" LCD touch screen is in 16:9 widescreen format for full-screen navigation using menus that require no visible keys. Navigating through the various menus is simple and intuitive, using colour codes for immediate association of functions to different colours. Mitho is much more than just a video receiver: when connected to Bpt's "X1" two-wire system, Mitho provides a series of innovative functions including image zooming, voice/video messaging and text messages (from the porter, for example) as well as integrated handset and hands-free audio functions.

- ◆ The world's first touchscreen video receiver
- ◆ Voice/video messaging mail
- ◆ Image zooming
- ◆ Porter switchboard
